

## Vandal Resistant Low Flow Aerator with Dual Interlocking Technology

Part No. 100371

Patent Pending.

### ► **Description**

The I-CON Vandal Resistant Low Flow Aerator is designed for high security areas. It's patented Dual Interlocking Technology provides an added level of security requiring an I-CON master key for removal while maintaining a 0.5 GPM flow control for increased water conservation.

### ► **Housing Options** (choose one)

- Male thread  
 Female thread

### ► **Accessories**

See Accessories Section of the I-CON catalog or contact our Customer Service Team for details.

### **Specifications**

- Vandal Resistant
- Dual Interlocking Technology
- 0.5 GPM flow rate meets ASRAE standards for energy conservation
- Self Cleaning/Maintenance Free
- Low Noise - not to exceed 20 Dbs at 50PSI
- Spray Stream Pattern to provide full coverage and improved wetting.
- Full metal construction for maximum durability.
