## COBALT Pro® Wall Sensor Exposed Flush Valve Retrofit Kit

**101675**

COBALT Pro® Wall Sensor Exposed Flush Valve Retrofit Kit;  
Urinals & Water Closets

### Flush Volumes Available

<b>Water Closets</b>	1.1gpf	1.28gpf	1.6gpf	2.4gpf	3.5gpf
<b>Urinals</b>	0.125gpf	0.25gpf	0.5gpf	1.0gpf	—

**ProLAST® T-Seal Technology:** Single piece unit, industry's largest bypass, seals at low PSI, tamper proof GPF, no natural rubber components, lasts up to 5x longer than industry standard.

featuring **TruFLUSH®**

**Featuring TruFLUSH®:** I-CON's built-in pressure transducer provides additional flushing accuracy by detecting variations in water pressure and making electronic adjustments as needed to flush at designated flush volume.
