

NEXUS® Pro Configurator

Part No. 104811

► **Description**

NEXUS® Pro Configurator for adjusting settings on standalone NEXUS® Pro installations.

► **Features**

- Easily plugs into the NEXUS® Pro 1 I/O, 4 I/O, or 8 I/O AC Controller
- Operates wirelessly through Bluetooth BLE or wired through USB for single controller adjustments
- Command output for remote activation
- Can adjust multiple ports of same type simultaneously
- Configure port settings such as:
 - Output Type
 - Runtime
 - Lockout Window
 - Lockout Duration
 - Idle Button Illumination
 - Pressure High and Low Alarms (NEXUS® Pro+ Only)
 - Temperature High and Low Alarms (NEXUS® Pro+ Only)
- Includes (1) wireless daughterboard & (1) tablet. Additional daughterboards (104805) are available to purchase separately.

► **Accessories**

See Accessories Section of the I-CON catalog or contact our Customer Service Team for details.

Recommended Specification

The NEXUS® Pro Configurator allows for simple and convenient customization of parameters on any port of a NEXUS® Pro controller using a tablet and a wireless daughterboard. It communicates through Bluetooth BLE or a USB serial connection to the controller without the need for any tools.
